### Another Night with Johnny Martin

A distinctive voice and playful stage presence put this slender vocalist at the top of the agent's submission list. Imagine Frank Sinatra and Louis Prima rolled into one. Make your reservations early and let your clients know you care enough to book the best.

Whether coordinating a dance party or romantic dinner, this is the entertainer for your event!

*"Having been to many events, I can say it is unusual to see a dance floor packed all evening long. You make that happen. Your music is so dancable and you are so entertaining. You bring an energy, style and repertoire that really pulls a diverse guest list like ours together on the dance floor. Our guests in the 20's and those in their 70's had a wonderful time. Working with you has been smooth as can be – a real pleasure. We have really appreciated you professionalism and good humor."*

– Merris Sumrall, CEO, The Library Foundation '04

*"Wonderfully Sinatra with just enough Johnny to keep you begging for more."*

– Lee Cline, Entertainment Director,  
Spirit Mountain Casino '03

*"Johnny Martin is a consummate entertainer who brings life to the stage in a groovy style that combines the casual cool of a lounge act with the fun big band showmanship."*

– Eric Cila, Viscount Ballroom '00

*"Just Fabulous!"*

– David Kahn, GM Indian Pacers '99
