## About AV Rental Services

We provide professional audio, video and other event equipment. When you don't have your own or need to supplement your gear, we can deliver, install and support all your audio visual needs – whether simple or complex. Video projectors, sound systems, meeting accessories and the qualified technicians to expertly set them up are just a phone call away.

Our daily rental rates, full-service delivery and setup make renting high-end equipment easy and affordable for any event. Plus, we offer one-day weekend rates. We work closely with meeting planners and event organizers to make your event, meeting or tradeshow a tremendous success.
