

Capturing the best in people since 1994

Create a fun, crowd-pleasing activity by hiring me to sketch caricatures of your guests. I can draw anyone, from babies to seniors. People love to watch the best in themselves and others springing to life in a few short minutes. These personalized hand-drawn quick portraits are a popular "take-away" from any event.

For your next corporate or private event, let me add that extra, unforgettable element to your celebration.
