## Events at OMSI

Featuring breathtaking riverfront views and exciting interactive entertainment, OMSI offers both an elegant dining experience and brain-powered fun. Located on the east bank of the Willamette River near the Oregon Convention Center, the museum features hundreds of exhibits and displays, an OMNIMAX dome theater, a world-class planetarium and a real submarine. Free parking, room to entertain 12 - 2,500 guests, and sustainable food service makes OMSI your unique event destination.

## Event Enhancements

Add to your party with a private show in the OMNIMAX Theater or Harry C. Kendall Planetarium. Try a wild ride on our motion simulator or hop aboard the USS Blueback Submarine for a personalized tour. We encourage live musical entertainment during after-hours events and would be happy to assist you with arrangements.

## Catering

Bon Appétit, OMSI's exclusive caterer, is devoted to creating fresh food, alive with flavor and nutrition. Our passion for fresh, local ingredients makes it possible to fully customize menus to reflect the season. All food is prepared from scratch using socially responsible practices.
