 Pacific Perks Coffee and Catering
 www.pacificperkscoffee.com

We are Your Personal Cafe

Pacific Perks delivers great tasting, locally roasted Espresso drinks as well as made-to-order lunch-time Quesadillas, breakfast Omelets, Fruit Smoothies and Ice Cream. Pacific Perks is a fun, creative and mood enhancing catering experience that will "WOW" your guests and add flair to any event.

Business Advantage. Looking to grow your business and "get-in-the-door" with new customers? We are here to market for YOU. We "choreograph" events with strategic catering that allows you to slow down the meeting and get the time you need with clients.

Social Advantage. Our skilled baristas create a warm, polished atmosphere. Trained to add character and nuance to your party with our actions and words. Basically we know how to party in style and keep it fun. Our experience will make your life as simple as possible since we handle the details so you can relax.

Pure Mobility. Our carts are small and self contained and can fit through any normal sized door so we go where you need us. This means you can feed your wedding party on site or meet your clients in their offices to bring them a fresh option made before their eyes.
