

Experience the Best...

Conveniently located in downtown Salem at 12th and Mill Street, just three blocks from the State Capitol, Mission Mill Museum, part of the Willamette Heritage Center, offers a unique combination – the convenience of a city location with the pleasurable experience of a charming, five-acre historic site. The Mill is like no other place.

The Willamette Heritage Center houses 14 historic buildings and homes, including the Thomas Kay Woolen Mill as well as the two oldest standing wooden frame homes in Oregon. We offer a quiet, picturesque atmosphere with a millrace flowing through park-like grounds. You and your guests will enjoy the retail shop, feeding the ducks and savoring our sweetly scented herb garden and wildflower varieties.

This is your opportunity to celebrate your special day in a beautiful romantic setting. It is our pleasure to ensure that all of your dreams come true.
