About your Outdoor Odyssey with Zoller's

For three generations the Zoller's have entertained hundreds of thousands of guests from all points of the globe right here in the beautiful Columbia River Gorge. Headquartered on the shore of the White Salmon River, just east of Portland where founder Phil Zoller pioneered the first commercial rafting of the White Salmon River, Zoller's has set the benchmark for quality, safety and professionalism in all of the outdoor adventures.

Choose your Outdoor Odyssey!

Lava Tube Caving: Into the earth we descend through ancient lava caves created by the lava flows of the Mt. Adams and Indian Heaven wilderness. Zoller's "Cave Coaches" provide each participant with all of the needed caving tools to make this a unique and hard to match group event.

Whitewater Rafting: Want it wild? Need it mild? The Zoller's river team is ready to customize your experience and make you smile, ear to ear. Youngsters from age 6 to 90 have fun on the river with Zoller's year after year.

Team Geocaching: Hi-Tech treasure hunts for kids of all ages. With just a brief orientation by the Zoller's "GeoCoaches", your group will be on their way to solving mystery and finding treasure.
